

6.1 Apache <http://web1.midterm-engse202-018.com/>

```
GNU nano 6.2
<VirtualHost *:80>
    ServerName web1
    ServerAlias www.web1.midterm-engse202-018.com
    ServerAdmin web1.midterm-engse202-018
    DocumentRoot /var/www/apache/web1
    ErrorLog ${APACHE_LOG_DIR}/error.log
    CustomLog ${APACHE_LOG_DIR}/access.log combined
</VirtualHost>

# vim: syntax=apache ts=4 sw=4 sts=4 sr noet
```

The screenshot shows a web browser window with the URL <http://web1.midterm-engse202-018.com/ninestars/>. The page has a light pink background. At the top, there's a navigation bar with links for Home, About Us, Services, Portfolio, Team, Drop Down, Contact, and a red 'Get Started' button. Below the navigation, there's a large central image featuring a blue rocket launching from a base, with a person sitting cross-legged on the ground holding a tablet. To the left of the rocket, the text 'Bettter digital experience with Ninestars' is displayed, along with a smaller text: 'We are team of talented designers making websites with Bootstrap'. There's also a small 'Get Started' button. At the bottom left, there's a smaller image of two people looking at a computer screen. On the right side, there's some Latin placeholder text: 'Voluptatem dignissimos provident quasi'.

## 6.2 nginx <http://web2.midterm-engse202-018.com/>

```
GNU nano 6.2
server {
    listen 81 default_server;
    listen [::]:81 default_server;
    root /var/www/nginx/web2;
    index index.html index.htm index.php index.nginx-debian.html;

    server_name web2.midterm-engse202-018;

    location / {
        try_files $uri $uri/ =404;
    }
}
```
